Under 10 Age Specific Information

Belwest starts allocating players and teams from the Under 10 age group. The transition from under 9's to under 10's can be difficult, as teams and players from under 9's, who have sometimes played together since peewees, are often split as a result of the allocations. The allocation process is vital to ensure players and teams are placed in the most appropriate playing level. Whilst allocating players into new teams, previous teams and friendship requests are taken into account, but the key factor utilised will be based on the players' ability. The allocation process includes assessing players from the under 9 competition (if they played for Belwest) undertaken by Belwest's coaching co-ordinator; receiving feedback from under 9 coaches (on the provision the coach is comfortable in providing this) and via assessment at allocation days at the start of the new season.

If a player wishes to be placed in a team solely on friendship requests, this can be requested, but may result in the player playing in a lower level than their ability. If a player wishes friendships groups to be the primary preference please let the Registrar know prior to the allocation days.

Dates of the allocations can be found below. All players must be registered thru [MyFootballClub](#) to attend these sessions.

Merchandise and Boot Pool

Belwest urgently requires a new Merchandise Coordinator

All Club merchandise and the preloved Boot Pool will be available for purchases on information day and all other dates and times mentioned in the "Key Dates" when activities are at Latham. Once the season start the shop will be opened from 9:00am – 12:30pm Saturday only.
