

Under 7 Field Setup and Take Down

Field Size – 30m x 20m
5 v 5 – No goalkeeper
Ball Size: 3
2 x 15 minute halves

Most weeks you will find that the under 7 fields are already set up.

Coaches and managers should have **adults organised to set up the fields**, (if needed), and take down at the end of the game.

Remember: Another game could be following yours and it will need setting up by that team – so please be quick.

Note: Games must start on time, any delay in setting up of the ground or teams being ready to play will result in **YOUR MATCH** being cut short, PLEASE give yourself at least 30 minutes before match time.

Set up – fields are usually already set up

- ⚽ Goals are the smaller two panel blue & white goals, obtain from compound
- ⚽ Markers, pegs and mallet are in the bucket beside goals in compound
- ⚽ Turn goal onto smaller open side
- ⚽ Secure goals with pegs provided, one for each side and the back – please do not hammer all the way into the ground.
- ⚽ Place markers (4 for each side line) around field

Take down – all teams will need to take down

- ⚽ Collect all markers, goals and pegs from your field as soon as possible as they may be another age group playing straight after your game.
- ⚽ Return goals, bucket, mallet, markers and pegs to the compound after the game.
