

## Under 7 Field Setup and Take Down

Field Size—30m x 20m  
4 v 4, No goalkeeper  
Ball Size: 3  
20 min halves, 5 min break

Field Markings in  
**WHITE, YELLOW  
ORANGE**

Coaches and managers should have **adults (other than themselves) organised to set up the fields and take down at the end of the game.**

**Remember:** Another game could be following yours and it will need setting up by that team – so please be quick.

**Note:** Games must start on time, any delay in setting up of the ground or teams being ready to play will result in **YOUR MATCH** being cut short, PLEASE give yourself at least 30 minutes before match time.

### Set up—Fields

- ⦿ Goals are the folding Hart metal frame in the Container at the back of the Canteen.
- ⦿ Markers, pegs and mallet are in the bucket beside goals in compound
- ⦿ Turn goal onto smaller open side – Join on the ground.
- ⦿ Secure goals with pegs provided, one for each side and the back—please do not hammer all the way into the ground.
- ⦿ Place Cones as shown on the diagram above around field

### Take down—all teams will need to take down

- ⦿ Collect **ONLY** the **ORANGE** Cones in between fields (i.e. the left side line of 1.1 and the right sideline of 1.2 etc. so the field is setup for the Under 8 and 9 games.
- ⦿ Collect the goals and pegs from your field as soon as possible as they may be another age group playing straight after your game.
- ⦿ Return goals to the Container. Return bucket, mallet, markers and pegs to the compound after the game.
